

LEADING THE WAY,

SO EVERY KID CAN

At Franciscan Children's, important milestones are reached and relearned every day. From a child taking his first steps for the second time to a teenager finding comfort in music therapy, we are often times the only place willing and able to provide this critical care, *so every kid can...*

Franciscan
Children's

So every kid can.

GO

After a virus left him paralyzed, four year-old Christian relearns to walk with the support of his physical therapist.

SPEAK

Kevin, the Kennedy Day School class-clown, loves telling jokes to his friends through his computerized speaking device.

CONNECT

Jake, a child on the autism spectrum, receives one-on-one therapy with compassionate counselors who help him form meaningful relationships with friends and family.

SWIM

In our recently renovated therapy pool, Devin is able to leave his wheelchair behind and swim for the first time.

FY16 Total Donor Revenue

\$1,716,770

Dear Friends,

As the grateful Chair of the Board of Directors at Franciscan Children's, I want to thank you for your truly generous support of our patients, students and their families.

I joined the Franciscan Children's Board after, most recently, spending 13 years as President and Chief Executive Officer of Boston Children's Hospital. I soon found myself amazed and so proud of the critical medical, mental health and educational services Franciscan Children's provides to children and their parents that no one else in the Commonwealth can or will.

I give to Franciscan Children's because without these services, countless children would never get the support they need to function at their very best and return to being kids. Like many of you, I have witnessed the scope of care and respect shown to patients and families here at Franciscan. These everyday encounters have taken my breath away and inspired me like no other place can.

The number of patients and families seeking treatment for complex mental health and medical needs is on the rise, and your commitment and kindness in support of this critical work is so very appreciated. We are confident that the generosity of friends like you will ensure a bright future for Franciscan Children's, **so every kid can.**

Sincerely,

James Mandell MD

James Mandell, MD
Chairman, Board of Directors
