Adaptive Sports and Active Recreation Resource Guide: Massachusetts

Organizations and programs providing sports and active recreation opportunities for children and youth with special needs

Updated January 2018
Community-based sports and active recreation activities are beneficial to children on many levels. They provide children with an opportunity to exercise, improve fitness, increase self-esteem, and to make friends. This Guide provides a sample of programs and opportunities primarily in Massachusetts (some New England area). If you know of other recreation programs that should be included in this Guide please contact Maria Fragala-Pinkham, PT, DPT, MS at mfragala@fhfc.org or (617) 254-3800 dial 1 at prompt then x2280. This Guide was originally developed in 2005 and is updated periodically. For the most up to date version of this Guide, please check our website http://franciscanhospital.org/resources/support-services/adaptive-sports-program/

Thanks to the following individuals who contributed to the initial development of this Guide: Rachel Buonopane, PT; Shelley Goodgold, PT; Jennifer Cardella, OT; Megan Boyce, OT; Christine Peters, OT. The development of this resource was originally funded as part of fitness project grants from the Deborah Monroe Noonan Foundation and the John W. Alden Trust. Thanks to Kelvin Nunez for helping with the 2017 revisions.

| Newton   | [Dance Inn:](http://thedanceinn.com/)<br> Contact: 781-863-5360, 1403 Mass Ave., Lexington, MA office@thedanceinn.com. The Adaptive Dance program shares the joy of dance to students ages 7-13 with special needs. We offer two
levels based on age. Each class is designed to meet the individual needs of its students taking into account their emotional maturity, attention span, and developmental stage. The class offers instruction in tap, jazz, and creative movement and results in one (1) recital performance routine. The adaptive dance program builds skills in fostering independence, confidence, cooperation, increasing strength and coordination.
